Account across multiple websites?

Yes, you can use Flipcause for all websites under your umbrella. You can customize the logos and color schemes for individual campaigns to match the alternate website branding, as well as the organization info and contact info that appears in your supporters' receipts.

Each additional website will cost \$25.00 per month, on top of your subscription. If you are interested, just let us know and send us the URL of the website you want to copy, and we'll take care of it for you!

Please note that all funds received into a single Flipcause Account will be part of the same 1099-K that Flipcause will send you at the end of the year.
