

To see the email address of each of the individual fundraisers who created pages on your Peer-to-Peer campaign, go to **Campaigns > Edit This Campaign** (choose a campaign) > **Tool Settings > Manage Settings** (Peer-to-Peer) > **Fundraisers**.

In this area, you'll see a list of everyone who signed up. Click the **pencil icon** under the column heading **Edit** to view the details of each, which will include the email address that the person used to sign up.
