

There are 3 main ways to view activity for an individual fundraiser/peer.

1. VIA THE STATS AREA

(Both you and your individual fundraisers can see this)

In the **Peer-to-Peer Settings** of your campaign, click to **Edit** any individual fundraiser. This will show you a page with their stats.

The individual fundraiser can also see this page with their own login. They can log in to see this page by clicking the link in the email that they received after their page was first created,

or by clicking **Log In** from the top right of any individual fundraising page.

2. VIA THE CAMPAIGN PAGE (QUICKEST WAY)

(Anyone can see this)

It is by looking at the Activity Feed on that individual's campaign page. This section is public, so both you and your supporters and fundraisers can see this. (Those who have asked to remain anonymous or have been hidden from this public feed by the organization will not appear here.)

Grandma - Donation - \$25.00 - Nov 01, 2016.

Love Grandma

Joan - Donation - \$55.00 - Nov 01, 2016.

Glad to put you over the top! Love, Joan & Rob

Pam - Donation - \$15.00 - Nov 01, 2016.

Here's to much success in rowing!

Allison - Donation - \$15.00 - Nov 01, 2016.

Good luck!

barbara - Donation - \$25.00 - Nov 01, 2016.

Good luck

3. VIA THE REPORTS (MOST DETAILED WAY)

(Only those with access to your Flipcause Account back end Reports area can see this)

You can also pull a report by going to **Campaigns > Edit This Campaign** (choose a campaign) > **Campaign Reporting > Transaction & Activity** > Select date range. After hitting **Generate Report**, export this into a "CSV file" (use either **Full Report** or be sure to select "Peer Details" fields if you use **Custom Report**).

Open the .csv file in a spreadsheet program such as Excel, and filter that spreadsheet by the **Associated Peer Name** or **Associated Peer ID** column. This will sort the entire report by individual fundraiser/peer and allow
