Does Flipcause have Auto Reminder feature for supporters?

We do not have auto-reminders in our platform as of this moment. You can manually create an update in your Flipcause dashboard.

Here are the steps to create an update in Flipcause:

1. On your Flipcause dashboard click *Campaigns* button.
2. Select the campaign and click *Edit this Campaign*.
3. Go to Updates tab then click *Add New Update*.
4. After entering the updates click *Publish Update*.

For more information about updating supporters go to this link - [http://help.flipcause.com/help/update-supporters](http://help.flipcause.com/help/update-supporters)
